Re: Coordination of NACIP Study and USGS
Appraisal of Groundwater Resources,
Marine Corps Base, Camp Lejeune

Dear Mr. Lloyd:

We are forwarding the site maps and scope of work (SOW) for the characterization step of the Navy Assessment and Control of Installation Pollutants (NACIP) study. As noted in the SOW, the Hadnot Point water supply aquifer will be studied in detail during the coming months.

Your views on the SOW and any assistance you can provide to the contractor will be greatly appreciated. Our POC is Mr. Bob Alexander, FTS 676-3034.

Sincerely,

T. J. DALZELL
Colonel, U. S. Marine Corps
Assistant Chief of Staff, Facilities
By direction of the Commanding General
